Dear Residents,

We want to remind everyone that **solicitation is not permitted** within our community. This includes door-to-door sales, flyers, and uninvited commercial activity of any kind.

Earlier today, a pest control company was actively soliciting residents despite clearly posted signage at our entrances. When politely informed that solicitation is prohibited, their representatives were **aggressive, confrontational, and rude**. This type of behavior is unacceptable and reinforces why our no-soliciting policy exists.

Even if the service being offered is something you may be interested in, we ask that you **do not engage with or encourage these businesses**. Doing so only invites more solicitation and undermines the privacy and safety we all value in our neighborhood.

If you witness any solicitors in the neighborhood, please report it by calling the **Martin County Sheriff's non-emergency line at 772-220-7000**.

It's also worth noting that we have a **resident-owned pest control company** within the community, and we encourage supporting neighbors first when services are needed.

Thank you for your cooperation in helping maintain a safe, respectful environment for everyone.

Sincerely,

PSHTClub
